### **ACKNOWLEDGEMENT**

Every success, big or small, usually begins with a spark or something that gets it going. It's the continuous help and smart advice from wise people that keep us moving forward. The joy and satisfaction we feel after completing a task wouldn't be complete without acknowledging those who supported us. Their constant guidance and encouragement are what lead us to victory.

We would like to express our sincere and grateful thanks to our **Dr. P. Sridhara Acharya**, Professor and Head, Department of Computer Science, Srinivas University, Mangalore for the valuable guidance, encouragement, technical comments throughout our project work.

It is great pleasure to express our gratitude and indebtedness to our beloved **Dean, Dr. Subrahmanya Bhat** for his continues effort in creating a competitive environment in our college and encouraging throughout this course.

We also wish to thank all the staff members, non-teaching staff members of the Department of Computer Science and Information Science who have helped us directly or indirectly in the completion of our final project successfully.

Finally, we are thankful to our parents, friends and loved ones, who are always our source of inspiration and for their continued moral and material support throughout the course and in helping us to finalize the project.
